

Course outline

Course Code: 1904		
Name of the Programme: Skill Enhancement		
Name of the Course: Entrepreneurial Mindset		
Semester: II		
Course credit	No. of hours per week	Total no. of Teaching hours
2	1:0:2	45
Course Objectives:		
Analyze market opportunities to gain multiple business model insights		
Building a business through people and opportunity in POCD framework		
Building a business through context and deal in POCD framework		
Financing a business through basic understanding of key financial metrics		
Sources of finance for a startup and calculating value of a startup through a Business model canvas & business plan		

Syllabus:

Module - 1 Market opportunities to gain multiple business model insights	No. of hours
	4
Problem Identification: Techniques for spotting problems worth pursuing and understanding market demand. Market Sizing: Tools and methods for estimating market size and understanding customer willingness to pay. Opportunity Analysis: Case studies on identifying and capitalizing on opportunities within various industries. Value Proposition: Developing compelling value propositions that clearly address identified market needs.	
Module - 2 Building a business through People & Opportunity in POCD framework	No. of hours
	4
Introduction to POCD: Understanding the People, Opportunity, Context, and Deal framework. Customer and Consumer Insights: Differentiating between who the customer is and who the consumer is. Case Studies: Examining successful businesses that have effectively utilized the POCD framework	
Module - 3 Building a business through Context & Deal in POCD framework	No. of hours
	4
Introduction to POCD: Understanding the Context, and Deal framework. Strategic Development: Applying the POCD framework to build robust business strategies. Case Studies: Examining successful businesses that have effectively utilized the Context & Deal framework	
Module - 4 Basic understanding of key financial metrics	No. of hours
	4
Financial Literacy: Building comfort with basic financial terms and concepts crucial for	

entrepreneurs. Key Financial Metrics: Understanding metrics that are essential for evaluating business health. Financial Planning: Tools and techniques for financial forecasting and budgeting. Interactive Workshops: Practical exercises to develop and analyze financial sheets and models.

Module - 5 Finance for a startup and calculating value of a startup	No. of hours
	4
Sources of Finance: Overview of different financing options available for startups. Business Model Canvas (BMC): Detailed exploration of the BMC as a tool for articulating business value. Startup Valuation: Methods to calculate the value of a startup, including practical case examples. Funding Strategy: Developing strategies to attract and secure necessary resources for a startup	

Lab Plan		[30 Hours]
1	Day 1: Product pitching	
2	Day 2: Create an individual BMC	
3	Day 2: numerical	
4	Day 3: submit business title, create a finance sheet in FKCCI template	
5	Day 3: create a 5 min pitch for any product of your choice, record a video and submit	
6	Day 4: write the problem statement, BMC, business title, product description and submit.	

Course outcomes
CO1: Analyze market opportunities to gain multiple business model insights
CO2: Building a business through people and opportunity in POCD framework
CO3: Building a business through context and deal in POCD framework
CO4: Financing a business through basic understanding of key financial metrics
CO5: Sources of finance for a startup and calculating value of a startup through a Business model canvas & business plan

1.	The Lean Startup: How Today's Entrepreneurs Use Continuous Innovation to Create Radically Successful Businesses by Eric Ries, Crown Business (2011), ISBN: 978-0307887894, 1st Ed.
2.	Start with Why: How Great Leaders Inspire Everyone to Take Action by Simon Sinek, Portfolio ,2009, ISBN: 978-1591846444, 1st Ed.

Reference books	
1.	Freakonomics: A Rogue Economist Explores the Hidden Side of Everything by Steven D. Levitt and Stephen J. Dubner, William Morrow (2005), ISBN: 978-0060731335, 1st Ed.
2.	Disciplined Entrepreneurship: 24 Steps to a Successful Startup by Bill Aulet, Wiley (2013), ISBN: 978-1118692288, 1st Ed.

Lesson plan

Name of the Programme:	Skill Enhancement	
Title of the Course:	Entrepreneurial Mindset	
Course code	CS1904	
Semester:	II	
Names of the Course Instructor(s)	Prof. Chidhananda R S Prof. Chethan Kumar G Prof. N Suresh	
Course credit:	No. of hours per week (1+0+2)	Total no. of Teaching hours
02	03 Hours	45 Hours

Sessio n	Module No.	Topic	Pedagogy /activities	Pre-reading/refere nce
1.	1	Understanding Entrepreneurial Mindset	Interactive lecture + reflection exercise	Sinek – <i>Start with Why</i> (Ch.1)
2.		Problem Identification & Market Gaps	Market scanning + observation task	Ries – <i>Lean Startup</i> (Ch.1)
3.		Opportunity Recognition Techniques	Case discussion + brainstorming	Aulet – <i>Disciplined Entrepreneurship</i> (Step 1–2)
4.		Product Pitching Basics	Live pitch + peer feedback	Reynolds – <i>Presentation Zen</i>
5.		Activity: Paper Prototyping	Hands-on session	Provided templates
6.	2	POCD Framework Overview	Whiteboard explanation + examples	Aulet – <i>POCD Framework</i>
7.		Business Model Canvas (BMC)	Hands-on canvas creation	Osterwalder – <i>Business Model Generation</i>
8.		Value Proposition Design	Workshop + customer persona mapping	Osterwalder – <i>VP Canvas</i>

9.		Numerical Analysis for Business Decisions	Problem-solving session	Faculty notes / examples
10.	3	Market Context & Industry Analysis	Lecture + SWOT activity	Christensen – <i>Innovator's Solution</i>
11.		Competitor Benchmarking	Group research activity	Aulet (Market Fit chapters)
12.		Customer Validation & Feedback Loops	Interview role-play + analysis	Ries (Ch.4)
13.		Deal Structure Basics	Case-based discussion	Aulet – Disciplined Entrepreneurship
14.	4	Startup Financial Basics	Interactive lecture + examples	Ries (Metrics chapters)
15.		Costing, Pricing & Revenue Logic	Numerical exercises	Faculty-prepared notes
16.		Financial Sheet Preparation (FKCCI)	Hands-on demo + template filling	FKCCI Finance Template
17.		Break-even & Feasibility Analysis	Problem-solving discussion +	Aulet – Financial Modeling
18.	5	Pitch Structure & Storytelling	Workshop + video analysis	Reynolds – <i>Presentation Zen</i>
19.		5-Min Pitch Video Creation	Recording self-review +	Sinek – Storytelling
20.		Business Documentation	Guided writing session	Osterwalder – Pitch Guide
21.		Integrated Business Submission	Mentorship review + refinement	All course references

Assessment and Evaluation

Continuous Internal Evaluation (CIE) :70%	
Components of CIE	Weightage of each component
CIE-1 - Product pitching: Graded Component 1 - Create an individual BMC: Graded Component 2 - Class numerical + pick 3 shark tank products and write the finances asked and mentioned: Graded Component 3	5 marks out of 70 5 marks out of 70 10 marks out of 70
CIE-2 Theory	25 marks out of 70
CIE-3 - submit business title, create a finance sheet in FKCCI template: Graded Component 4 - create a 5 min pitch for any product of your choice, record a video and submit: Graded Component 5 - write the problem statement, BMC, business title, product description and submit: Graded Component 6	5 marks out of 70 5 marks out of 70 15 marks out of 70

Semester End Exams (SEE): 30%	
Mode of Exam	Jury
Weightage of exam	30%

Course Outcomes- Programme Outcomes Matrix

Program		PO 1	PO 2	PO 3	PO 4	PO 5	PO 6	PO 7	PO 8	PO 9	PO 10	PO 11	PO 12
Outcome	Course Outcome												
CO1	Analyze market opportunities to gain multiple business model insights		3		1	2	2					2	
CO2	Building a business through people and opportunity in POCD framework		3	2								1	
CO3	Building a business through context and deal in POCD framework		2				1					1	
CO4	Financing a business through basic understanding of key financial metrics	1		3		2						3	
CO5	Sources of finance for a startup and calculating value of a startup through a Business model canvas & business plan			2		1					1	2	

Rubrics for evaluation of CIE (separate for each CIE component)

Total Marks		20
CIE-1 Components		Rubrics for Assessment
CIE-1	Product Pitching - Graded Component 1	5 Marks <i>Table-1</i>
	Individual Business Model Canvas (BMC) - Graded Component-2	5 Marks <i>Table-2</i>
	Class Numerical + Shark Tank Finance Analysis - Graded Component 3	10 Marks <i>Table-3</i>

Table-1

Component 1: Product Pitching

Criteria	Excellent (5 M)	Very Good (3–4 M)	Good (2 M)	Needs Improvement (1 M)
Product Pitching	Pitch is clear, confident, and well-structured. Product idea is innovative, relevant, and convincingly presented. Problem–solution fit is clearly explained. Time managed effectively.	Pitch is understandable with minor clarity or structure issues. Product idea is relevant but lacks strong differentiation or persuasion.	Pitch is basic and partially clear. Idea is generic or weakly justified. Limited explanation of value proposition.	Pitch is unclear, poorly structured, or incomplete. Product idea is not properly explained.

Table-2

Component 2: Individual Business Model Canvas (BMC)

Criteria	Excellent (5 M)	Very Good (4 M)	Good (3 M)	Needs Improvement (0–2 M)
Evaluation Criteria	All 9 BMC blocks are clearly filled, logically connected, and well-aligned to the product idea. Demonstrates strong understanding of the business model.	Most BMC blocks are completed correctly. Minor gaps in clarity, linkage, or depth.	Partial BMC completion. Several blocks are unclear, generic, or weakly connected.	Incomplete or incorrect BMC. Lacks understanding of core business components.

Table-3

Component 3: Class Numerical + Shark Tank Finance Analysis

Criteria	Excellent (10 M)	Very Good (6-9 M)	Good (3-5 M)	Needs Improvement (0-2 M)
Class Numerical + Shark Tank Finance Analysis	Numerical problems are accurately solved. Financial details of all 3 Shark Tank products are correctly identified, clearly explained, and well-presented.	Most numericals and financial details are correct. Minor calculation or explanation errors present.	Partial correctness in numericals and finance details. Limited explanation or missing data for some products.	Incorrect or incomplete numericals. Finance details are poorly identified or missing.

Total Marks		25
CIE-2 Components		Rubrics for Assessment
CIE-2	Theory	The test will be conducted for 25 marks and will be evaluated according to the Scheme of Evaluation prepared by the team of course faculty.

Total Marks		25
CIE-3 Components		Rubrics for Assessment
1	Business Title & Finance Sheet (FKCCI Template)	5 Marks, Business Title & Finance Sheet (FKCCI Template) <i>Table-4</i>
2	5-Minute Product Pitch Video	5 Marks, 5-Minute Product Pitch Video. <i>Table-5</i>
3	Written Submission	15 Marks, Problem Statement, BMC, Business Title, Product Description <i>Table-6</i>

Table-4

Component 1: Business Title & Finance Sheet (FKCCI Template)

Criteria	Excellent (5 M)	Very Good (4 M)	Good (3 M)	Needs Improvement (0–2 M)
Business Title & Finance Sheet	Business title is clear, relevant, and professional. Finance sheet is accurately filled as per FKCCI template with correct assumptions and calculations.	Business title is appropriate. Finance sheet is mostly correct with minor errors or missing details.	Business title is vague. Finance sheet is partially filled or lacks accuracy.	Business title is unclear or irrelevant. Finance sheet is incomplete or incorrect.

Table-5

Component 2: 5-Minute Product Pitch Video

Criteria	Excellent (5 M)	Very Good (4 M)	Good (3 M)	Needs Improvement (0–2 M)
5-Minute Product Pitch Video	Video is clear, well-paced, and professionally presented. Product, problem, solution, and value proposition are effectively communicated within time.	Video is understandable but lacks polish, confidence, or strong structure. Minor timing or clarity issues.	Video quality or explanation is weak. Key points are missing or poorly explained.	Video is unclear, poorly recorded, or incomplete. Product idea is not communicated effectively.

Table-6

Component 3: Problem Statement, BMC, Business Title, Product Description

Criteria	Excellent (13–15 M)	Very Good (10–12 M)	Good (7–9 M)	Needs Improvement (0–6 M)
Problem Statement, BMC, Business Title, Product Description	Exceptionally clear and well-organized submission. Strong problem definition, detailed product description, complete BMC, and a relevant business title. Logical flow and professional presentation.	Good submission covering all required components. Minor gaps in clarity, depth, or integration between sections.	Basic submission with limited depth. Some components are weak, unclear, or poorly connected.	Incomplete or poorly structured submission. Major components missing or inadequately explained.
